Trade Detail

AC input: standard AC220 V,50 Hz.

DC output: standard DC12 V,3.5A

Output voltage:12V-14V

Working temperatureï¼š-20â„ƒto+60â„ƒ,f

Working humidityï¼šâ„ƒ90%

Dimension:224mmx225mmx83mm

With charge and discharge circuit,with over discharge protection circuit.

High efficiency of pure copper transformers.

Output Contact: Electric Lock, Release Button

Time Relay: 0ï¼ž10sec,battery with 12V/7AH

Standard Design: Steel material, Painted

Protect Safely: Short Circuit protection

Suitable For : Access control, Electric lock

Standard Packing: 10pcs.

110VAC input can be customized
