Trade Detail

This product has been tested by China Quality Control Association and rated as National Qualified Product.

FOB Price:

US \$9,698 - 9,999.99 / Set

Port:

Qingdao,Tianjin,Shanghai or others

Minimum Order Quantity:

1 Set

Supply Ability:

100 Sets per Month

Payment Terms:

L/C, D/A, D/P, T/T, Western Union

Condition:

New

Place of Origin:

China (Mainland)

Brand Name:

Hongxing

Model Number:

XB

Motor Power:

1.1-22 kw

Mixing Power:

1.1-22 kw

Charging Capacity:

0.26-30 m³

Reclaiming capacity:

0.26-30 m³
Speed of Mixing Drum:
210-530 r/min

Water Supply Mode:
Refer to product instruction
Working Cycle Period:
Refer to specification
Discharge Way:
Motor

Outline Dimension:
XB750-3500
Certificate:
ISO9001:2008
Color:
Painted as required

Application:
Concrete
Warranty:
1 Year
Quality:
High

Spare part:
China standard
Weight:
228-7110 kg

Packaging & Delivery

Packaging Detail:

Standard containers, or in bulks, bare main machines, motors and small parts are packed in wooden cases.

Delivery Detail:

20 Working days after placing the order

Company Profile

Henan Hongxing Mining Machinery Co., Ltd. is a joint-stock mining machinery manufacturing

enterprise integrated in scientific research, production and marketing. It is located at the High & New Technology Industries Development Zone of Zhengzhou, China with an area of 50,000 m² which includes 15,000 m² of standard heavy duty industrial workshop. Equipment are more than 160 pieces, including large and medium sized metal processing, riveting and installing equipment. There are 960 workers including 80 administrators with secondary and senior occupational titles and engineering technicians.

Research and Marketing

In order to promote competitive strength, advanced technologies have been introduced from America, Germany, Japan and Australia to establish international advanced production line, first-class modern testing base as well as research centers of stone crushing, sand making, milling and ore dressing equipment. Scientific management, advanced processing technology and innovative manufacturing theory make the company become the most renowned manufacturing and exporting base in China. Now we have tens of thousands of users from throughout China and more than 30 world markets, such as: Africa, Middle East, Eastern Europe, Southeastern Asia and South Asia.

Commitment

1. We guarantee that our products are all up to standards set for mining machinery.
2. We will deliver products timely by contract.
3. We will supply you with installation drawings, specifications and operation manual.
4. Lifetime warranty and components for products .
